INDIANAPOLIS,

1894.

1655574 ANNOUNCEMENT.

HE Publishers of this, the first Indianapolis Blue Book, have taken the greatest pains to make it an accurate and representative publication. That it contains errors we well know. Many intelligent people distrust a new departure and withhold information which is for the general good. But we feel sure the book will win its way. We will thank those who are interested in making it better to send in corrections at once. These will be embodied in a supplement to be issued about Jan. 1st, 1894, and mailed free to all subscribers.

Respectfully,
The Blue Book Pub. Co.

OUR FACILITIES for first-class tailor work place us in the first rank. We employ

Only the Best Workmen,

and our cutters are artists in their profession.

It is unnecessary to enumerate the advantages of first-class Merchant Tailor work over ready made, and with our facilities the cost is but a trifle higher and the

Product is Perfect.

Other so-called Merchant Tailors may offer cheaper work, but it will not stand comparison with our out-put.

Ladies' Failoring. - -

A year ago, recognizing the fact that the City of Indianapolis is of metropolitan size, and that its citizens demand the best of what is current elsewhere, we determined to open our

GOWNERY,

a department in which we would furnish Ladies' Tailoring, garments made to measure by mentailors, under the supervision of a cutter who for years had direction of a large house of the kind in VIENNA, AUSTRIA, the most fashionable capital in Europe.

Each season we will have provided a great variety of the

Latest and Most Fashionable

Fabrics, which we are prepared to make up in the best metropolitan styles in Gowns, Jackets and Wraps of all kinds.

This is the only house of the kind in Indiana. Ladies invited to call.
